

KAZ Management Services

Medical Practice Management Consulting

OPERATIONS, FINANCE, AND COMPLIANCE SUPPORT

Turn practice complexity into a working plan.

KAZ helps physician practices improve the business side of care through operating plans, financial controls, workflow review, startup structure, and compliance support.

What KAZ helps improve

Business Planning

Translate growth goals into a clear operating roadmap.

Operational Assessment

Find missed revenue, workflow delays, and avoidable friction.

Practice Startups

Set up structure, credentialing, governance, and launch priorities.

Bookkeeping & Financials

Improve reporting discipline and overhead controls.

Risk & Compliance

Create policies and procedures that support audit readiness.

How we work

1

Assess

Review administrative and management processes.

2

Prioritize

Set objectives for rapid revenue-cycle gains.

3

Execute

Implement tailored solutions, project-based or ongoing.
